

Emergency Services

Bayview Animal Hospital doctors are available for emergency treatment 24 hours a day, 7 days a week. If your pet is injured or becomes seriously ill after the clinic is closed, you can call our regular number (801) 451-2359, and leave a message. The doctor on call will receive the message and call you back immediately. We encourage you to make every effort to notify the hospital that you are on your way and the extent of your pet's injury or illness.

It is a good idea to be prepared for a few of the questions the doctor may ask you:

1. Is there any vomiting or diarrhea?
2. Is there any unusual discharge?
3. Is your pet's appetite normal?
4. When did your pet last eat or drink?
5. Has your pet ingested anything unusual?
6. Are your pet's gums bright pink or pale?
7. Does your pet have difficulty or pain with movement?
8. What is your pet's temperature?
